ACKNOWLEDGEMENT

The purpose of the Navajo Nation Aids Office-NNAO is to establish an integrated quality-of-care service delivery system on and near the Navajo Nation. The Navajo Nation Integrated HIV/AIDS Service Delivery Model Project-NIHSDMP Resource Directory was made possible by an Health Resource and Services Administration HRSA/Special Projects of National Significance-SPNS Grant.

The Directory was initiated by the NNAO MDT (Multi-Disciplinary Team) member Kurt Begay, BA, MSM Outreach Worker/Training Coordinator for Navajo AIDS Network, Inc. and completed by the NNAO HRSA/SPNS staff: John Wilson, Health Educator I; Darius Barney, Administrative Assistant, and Ed Shorty, Administrative Assistant.

A large, stylized red ribbon is centered on the page. The ribbon is formed by two overlapping diagonal bands that cross in the middle, creating a loop at the top and two long, pointed ends at the bottom. The ribbon has a thick black outline. The text is overlaid on the central part of the ribbon.

HEALTH SERVICES (NAIHS)**

Name of Agency: Navajo Area Indian Health Service (NAIHS)
Address: P.O. Box 9020
Window Rock, Arizona 86515
Telephone Number: (520) 871-5811 **Fax Number:** (520) 871-5872
Hours of Operation: 8:00 AM – 5:00 PM; Monday – Friday
Contact Name: Gallup Indian Medical Center

Services Provided:

The vision of NAIHS is the public health system will adapt to the change and will meet the needs of the people we serve.

The Mission of NAIHS is to integrate and promote high quality, comprehensive health services.

Comprehensive health care is provided to the Navajo People through inpatient, outpatient, contract, and community health programs centered at 6 hospitals (including 3 medical centers), 7 health centers and 14 health stations. School clinics and Navajo Nation health programs also serve the community. The six hospitals range in size from 32 beds in Crownpoint, New Mexico, to 99 beds at the Gallup Indian Medical Center in Gallup, New Mexico. Health centers operate full-time clinics, some of which provide emergency services. Some smaller communities have health stations that operate only part-time.

NAVAJO NATION

1911

Name of Agency: Ama Doo Alchini Bighan, Inc (A.D.A.B.I.)
Address: P.O. Box 1279
City/State/Zip Code: Chinle, Arizona 86503
Telephone Number: (520) 674-8314 **Fax Number:** (520) 674-8218
Hours of Operation: 8:00 AM – 5:00 PM; Monday - Tuesday

Service Provided: A.D.A.B.I. is a private, non-profit women/children's crisis program developed through the efforts of a task force in response to the community's concern over an increase of family violence on the Navajo Reservation. All people have the right to spiritually-whole, violent-free homes, and it is the mission of ADABI to help families restore balance by providing comprehensive, culturally appropriate services to battered women and their children in the Chinle Agency of the Navajo Nation.

Services:

- 24 hour crisis counseling for women and children
- Traditional and Spiritual guidance
- Assistance with the police and courts
- Safer house or shelter
- Emergency food and clothing
- Support groups
- Referral to community services
- Community education and workshops
- Outreach to Pinon and Tsaile

Sub Offices:	Pinon Clinic (520) 725-3220 Use Chinle Address and Fax #. (520) 674-8218	Tsaile Clinic (520) 724-6112 Use Chinle Address and Fax #. (520) 674-8218

Name of Agency: Department of Behavioral Health Services

Address: P.O. Drawer 709
Window Rock, Arizona 86515

Telephone Number: (520) 871-6235 **Fax:** (520) 871-2266

Hours of Operations: 8:00 AM – 5:00 PM; Monday – Friday

Purpose: Provide professional help and assistance to those suffering from substance use disorder. The department provides the following treatment and prevention services throughout the Navajo Nation.

Services: Detoxification and Residential Treatment

- Provides intake for patients at agency department levels and makes referrals to treatment centers for detoxification or inpatient treatment.
- Provides follow-up service to discharged patients as part of treatment services
- Applications of either traditional and/or western treatment approach to substance use disorder.

Outreach and Outpatient Center

- Provides the necessary information regarding treatment and intervention/prevention to those patients wanting full remission from intoxicating chemicals.
- Provide appropriate referrals to residential and other treatment facilities.
- Provide substance abuse and co-occurring disorders counseling services for individuals, families, or group.
- Provides assessment of each patient's strengths and weakness to determine patient's appropriate treatment course.
- Provides traditional healing services to eligible patients.

Eligibility: Those seeking respite from commercial and non-commercial manufactured liquor.

Services Provided: Navajo Nation Division of Social Services is committed to identifying the needs of Navajo people and addressing them in a comprehensive, effective, humanistic and culturally relevant manner.

Family Service Unit - provides a variety of services to children, youth, adults, and families requiring assistance of professional social workers. This Unit provides family and individual counseling and protective services for children and adults who may require intervention due to neglect, abuse and/or abandonment. Court intervention and foster care is provided as necessary in protective service work. In addition, this Unit provides services to adults and children who may require placement in special facilities due to physical or mental handicaps and other disabilities. Other services include counseling families experiencing marital child rearing or alcohol related problems.

Home Care Services Unit – provides chore services to individuals requiring assistance such as hauling wood and drinking water, chopping wood, transportation services, housecleaning services, etc.

Day Care Services Unit – A Day Care Service Unit is located in three agencies (Ft. Defiance, Chinle and Shiprock Agency) to provide child care services at a minimal cost for working parents or parents attending training or school.

Financial Assistance Unit – This Unit, comprised of several grants/contracts, supports needy families and individuals who are unable to find gainful employment and are not eligible for other federal or state assistance programs.

Youth Services Program Unit – provides a homelike environment for adjudicated juveniles. Group homes are situated in all agencies with homes for girls in Shiprock and Crownpoint, N.M. and homes for boys in Window Rock, Tuba City and Chinle, Ariz. Residency can be temporary or long-term, depending on court evaluations and orders.

Child Care & Development Fund – pays for all or a portion of the cost of day care for low income families whose parents(s) is/are working or attending a job training or educational program. Funding is also available for before & After School Programs, Early Childhood Development Programs, and Major renovation or construction of day care facilities.

Prevention of Child Abuse/Neglect – coordinates the delivery of services to children and families on the Navajo Nation, specifically, to facilitate the immediate safety of child who are at risk or who have been victimized by child abuse and neglect.

Arizona Health Care Cost Containment System (AHCCCS) – provides long term care services for elderly, physically disabled, chronically mentally ill, and developmentally disabled to Navajo who are eligible under AHCCCS policies and regulations.

Internet Access: www.hs.state.az.us

Operation Hours: 8:00 AM – 5:00 PM; Monday – Friday

Services: The mission of the Office of HIV/STD Services is to prevent further transmission of all STD's, including HIV, and to increase the quality of life among those already infected through education, prevention, monitoring, treatment and services.

The office conducts disease surveillance activities, primary and secondary prevention initiative and public health research. The office is made up of the following programs:

- HIV Prevention Program: Provides resources to prevent further transmission of HIV infection and delay the onset of symptoms in persons already infected. Services include targeted HIV prevention programs, counseling and testing services, conferences and training.
- HIV Care and Services Program: Provides HIV care and support services statewide to persons living with HIV disease. These services are in the areas of medical, AIDS Drug Assistance Program (ADAP), health and social support.
- HIV Epidemiology and Statistics Program: Tracks the number of individuals infected with HIV in order to watch the trends of the epidemic. This information is used to target prevention activities, HIV care, and support services. HIV/AIDS research evaluates HIV related policies and programs in Arizona.
- STD Control Program: Provides services to control the spread of syphilis, gonorrhea and chlamydia. Special emphasis is placed on the prevention of syphilis in newborns and complications resulting from these diseases.
- Technical Assistance and Consultation: Provides technical assistance to agencies and programs in the areas of HIV testing, counseling, infection control and policy development.

Services: NCI's goal is to reduce the incidence of protective/public intoxication in Gallup/McKinley county. NCI services are very unique; there are no similar program in the Navajo region.

Programs:

- **Protective Custody** – intoxicated person are involuntarily admitted to NCI by law enforcement agencies and held for up to five days.
- **Adult Short-Tem Shelter** – some clients choose to stay at NCI in order to become sober and self-sufficient, they are encouraged to briefly stay at NCI.
- **Social Detoxification** – some people need supportive observation, counseling and education while recovering from withdrawals.
- **DWI Treatment** – persons convicted of driving while intoxicated are provided 30-day treatment. All referrals to this unique program are from county courts.
- **Hi'ina'ah Bits'os Society** – a 23 day Native American traditional treatment program. Self admitted "relatives" are taught skills to become self-sufficient and maintain sobriety. This unique program is open to any adult and re-admissions are encouraged to strengthen the learning and positive change.
- **Ke'na'hadslit Gatherings**

Eligibility: Referral and medical clearance along with a history of substance abuse.

The Santa Fe Mountain Center is dedicated to personal discovery and to the building of bridges among youth, families and groups, through the use of creative learning experience, in wilderness, community and cultural environments.

Santa Fe Mountain Center collaborates with agencies, schools, institutions, communities, business and other organizations to design programs which meet the specific needs of their clientele. Activities are designed in such a way that they can be metaphorically linked to “real life” challenges which participants are facing in their day-to-day existence. Formats range from Day Programs to Multi-Day Camp Expeditions (typically 1-3 weeks). The Mountain Center works with client agencies to design programs, which include combination of the above formats sequenced to address specific program objectives.

PROGRAM CATEGORIES:

- ⌘ Native American Programs
- ⌘ Youth Programs
 - Leadership Development/Team-Building
 - Prevention/Counseling
 - Corrections
- ⌘ Family Programs
- ⌘ Mental Health Programs

- ⌘ HIV/AIDS Programs
- ⌘ Crime Victim Programs
- ⌘ Staff Development and Organizational Retreat
- ⌘ Community-Building Retreats
- ⌘ Outdoor Leadership Training for Professionals

The HIV Prevention Program is offered free of charge, and is funded by the Department of Health, Public Health Division, HIV/AIDS Programs. Combining adventure based learning with HIV Prevention is an exciting idea. We provide basic facts, dispel myths and misinformation, discuss abstinence and safer sex methods, answer specific questions and concerns, enhance negotiation skills, and engage program participants, whether they are women, adult, substance users, Native Americans, or men who have sex with men.

Through one-day programs, sequential 3 day programming, or weekend programs, the Santa Fe Mountain Center HIV Prevention Program provides a powerful vehicle for learning.

Volunteer Help? Very Seldom

Revised: May 4, 2001

Name of Agency: National Minority AIDS Council (NMAC)

Address: 1931 13th Street, NW
Washington DC, 20009

Telephone Number: (202)483-6622 Fax: (202)483-1135

Internet Access: <http://www.nmac.com>

Operation Hours: 9:00 AM – 6:00 PM Monday – Friday

Services: The National Minority AIDS Council (NMAC), established in 1987, is the premier national organization dedicated to developing leadership within communities of color to address the challenge of HIV/AIDS.

Public Policy NMAC's Public Policy Division works to promote sound national HIV/AIDS, health and social policies that are responsive to the needs of the diverse communities of color impacted by HIV/AIDS and to increase the participation of people of color in policy making bodies. NMAC advocates to increase federal resources directed to addressing the epidemic among people of color; sponsors regional policy and advocacy skills training and technical assistance sessions for people of color; holds policy briefings on Capitol Hill; produces policy briefs and newsletters; and works in coalition with other national AIDS groups to promote the interests of people of color.

Technical Assistance NMAC conducts individual, on-site CBO management and organizational needs assessments in order to support long-term organizational health of front-line AIDS service organizations. Based on these needs assessments, NMAC staff prepares strategic plans to support the long-term health of these agencies, focusing on management problems and corrective actions.

Conference NMAC provides in-depth training and conference opportunities to AIDS service Organizations across the country. Training and conference opportunities include Programs such as the Minority Executive Directors' Leadership Forum, Community Planning Leadership Orientation & Training. The Community Planning Leadership Summit for HIV Prevention, The United States Conference on AIDS, and the National AIDS Treatment Advocates Forum.

Treatment Education, Training & Advocacy NMAC provides training and direction to AIDS service organizations serving communities of color in the set-up and maintenance of treatment-related programs at the community service level. NMAC's goal is to involve more persons of color in these local treatment initiatives.
NMAC also advocates for the proper and speedy development of urgently needed AIDS treatments, access to approved and experimental treatments, increased funding to cover the cost of approved medications and the development and implementation of HIV/AIDS research. NMAC also advocates for the development of AIDS treatment education programs as well as the allocation of private and public funding to facilitate their implementation.

Publications NMAC's growing list of publications includes three newsletters. Planning Our Way (Technical Assistance), Update (Public Policy), and Treatment Alert (Research and Treatment Advocacy). NMAC also publishes a series of informative reference Manuals, brochures, and other communications tools.
